# FIRST WORD

**MY BLOOD IS RED... AND GOLD!**

Welcome to Hutt Park.

Today we have our top 4 sides playing at home, oh and the Masters Reds!

With 15 senior teams across the Stop Out club, our teams always welcome a home game on Hutt Park.

For our Men's Central League team it's been a righting of the ship over the last few weeks with two wins in the Central League and a comfortable Chatham Cup victory. Apparently with Palmerston North Marist beating Lower Hutt last weekend, we will be challenging for the O'Brien shield next weekend in the Manawatu. Being in 3rd place and in touch of the leaders, it's just a matter of keeping our noses out of trouble and picking up points against the teams below us.

And today what on paper should be an easy victory with 3rd taking on 10th will be far from that. Our local derby's with Lower Hutt are always juicy and expect it to be brutal.

Our W League team have been working tirelessly in training and are starting to become more competitive in their matches. Team spirit is high

and a strong sense of belief is building. With the Women's review deciding to keep the 6 team league structure with no format change until the 2019 season, it's a great opportunity to develop our player roster over the next two years. On Hutt Park 2 today the W league ladies take on Setaoun a traditional powerhouse of Women's football in our region.

The early game on Hutt Park 2 sees our 2nd team Capital 1 side take on University who are looking to bounce back to Capital Premier after relegation last season.

Alistair Yates and his Capital 4 team are keen to get their season back on track with a game against league leaders Island Bay FC. With a balance of youth and experience they sit in the top four. Expect a wee cameo at the end for "Goal a game" Yatesy!

It's certainly a busy day at Hutt Park so enjoy the football and our Stop Out hospitality.

### Stop Out vs Wellington Phoenix - Hutt Park

An exciting Central League fixture saw us roll up to Hutt Park, with freshly installed box goals, to play the Wellington Phoenix U20 side. It was a rivalry which was intensified by the fact Justin Gulley and Cherbel Khouchaba were lining up to play against the club from which they both played many years.

A new midfield trio of Justin, Cole and Steve saw added bite and experience in the middle of the park for our side. Miroslav, Cherbel and Andrew Abba completed our front three with the latter of the trio completing his last game for the red and gold. Thank you for your years of service to the club Abba, and enigmatic talent with electric pace and outstanding feet. Abba has been wrong footing players left, right and centre on the field and constantly providing a laugh for the team off it. You will be missed.

Though saddened by the loss of Abba a milestone was set to be staged. Brayan Heredia, our 16 year old, extremely motivated, dedicated player stepped up to make his Central League debut. Brayan, signed at the start of the season after impressing in preseason training has been an excellent member of the squad during the initial stages of the season, eagerly awaiting patiently his first start for the club. Well done Brayan, hoping for 100 more!

The game started at a quick pace as we took control of the opening stages. Abba, once again was getting on the ball causing all kind of issues for the young defenders who struggled to cope with his electric pace and power on the ball. Micky was providing a constant headache for defenders Liam Wood and Ben Mata, with his movement in

behind and dropping deeper to receive in front of them. The game plan involved shifting them around the park knowing that our experience and patience to break down the opposition in wide areas would be a huge factor in winning this tie. A fine flick header from a Cole Peverley inch perfect free kick saw Micky put us 1 nil up going in to the break in a challenging game. At half time the lads once again remained calm to play out a professional performance. Abba succumbed to a hand injury as Grinner stepped in to replace the departing winger. Following that Steve and Cole respectively had injury concerns and were removed from the fray making way for young Devon Batchelor and rangy striker Jerram Tuck. A reshuffle saw us go close in a few instances, before some expert defending from our back four and great saves from James McPeake kept us ahead in the tie. A final score line of 1-0 was a fair reflection on the game with the Phoenix U20 players playing as expected with quick ball movement through the midfield, with a resolute performance from the red and gold to get us back on track and picking up a much deserved three points.

A good day for young Brayan Heredia, not only helping us to three points on a CL debut, but also picking up the MOTM award in a huge performance which saw him slot seamlessly into right back.

Final Score: **Stop Out 1 vs Wellington Phoenix 0**

# TARANAKI DAILY TIMES

## Improved effort but still no result for TT

Dom Squatriti and Cole Peverley compete for the ball

Disappointed with the result but not the effort. That was the summation from Team Taranaki coach Ian McGrath after they lost their Central League football match 1-0 to third-placed Stop Out at Yarrow Stadium on Sunday. McGrath had every right to feel disappointed because one poor piece of defending cost them the game.

Gavin Hoy tries to get one around Stop Out keeper James McPeake

What he had to be positive about was a marked improvement in discipline, a more productive showing through the midfield and a couple of well taken chances that on another day might have resulted in goals, including one super effort from Josh Smith that drew an equally impressive save from the Stop Out keeper.

If there were criticism to be had with the Team Taranaki performance then it would centre on their inability to control possession for long periods while they struggled to create any chances in the first half hour. But they improved as the match went on and dominated the early parts of the second half after the sides went to the sheds with the score at 0-0.

**Paul Cunningham tries to get the ball away as Brayan Heredia closes in**

The goal they conceded came from an over hit corner that was simply not dealt with but it drew an immediate response that could have had a positive outcome.

"A mistake has cost us the game but we can't focus on one thing," McGrath said.

"They really need to focus on all the positives. It was a good performance against a very good side. At times in the first half we had to soak up the pressure but I thought we did that well and we came much more into the game in the second half and showed we can compete."

There was much to like about the work of captain

Nathan Hill who continues to give everything for 90 minutes going forward and back while there was some good work done in the midfield by Gavin Hoy. McGrath said the players were naturally disappointed because they are on a run of bad results and they got no reward for their much improved effort.

"You start to think things are going against you but we have to stay positive."

Team Taranaki travel away to Mirimar Rangers for their next match on Saturday. The loss keeps them in seventh place but they are now just three points above bottom.

#### Central League results:

**Marist Palmerston North 4 Lower Hutt City 1**  
**Stop Out 1 Team Taranaki 0**  
**Wairarapa United 3 Wellington Olympic 2**  
**Wellington United 7 Mirimar Rangers 4**

### Stop Out vs Palmerston North Marist - Hutt Park

We welcomed Shane Rufer and his Palmerston North Marist side to Hutt Park for the second time this season. We were winners in the first round of the league and were hoping to repeat the result to move into the next round of the Chatham Cup. Shane took the opportunity to rest a few players with an eye on the next league game so there were a few younger faces in the line-up. That being said any Marist side you face is a hard-working outfit.

If we had any thoughts of cruising the game they were taken away just two minutes in when we failed to clear a corner twice and the ball was smashed home from just inside the area. The response was great and we drew level just four minutes later when Cole Peverley scored his first goal since he returned to the club from a well struck free-kick. After 15 minutes, we took the lead from a Luke Grindlay header after a Cherbel Kouchaba corner. Just before the break Grindlay turned provider where he was played through,

drew the keeper and squared the ball for Jerram Tuck to score his first goal for the club.

The second half we controlled well and it was Steve Guley who stretched the lead to 4-1 before Justin who was not to be outdone rounded off the scoring with a well taken goal from just inside the area. After a tough opening few minutes we were happy to ease into the next round, where we will face North Wellington at home.

**Final Score: Stop Out 5 v Palmerston North Marist 1**

**Scorers: Peverley, Grindlay, Tuck, S Guley, J Gulley**

**Man of the Match: Scott Henderson**

### Stop Out v Team Taranaki - Yarrows Stadium

A long journey up to New Plymouth was rewarded with absolutely first-class facilities at Yarrows Stadium, the surface was perfect to play on. After the tough 1-1 draw in the first round we were expecting an absolute battle at their place and knew we would have to be disciplined and patient to bring the three points home.

In the first half Taranaki sat deep with a back 5 and didn't apply the pressure in the midfield third that we were expecting. This gave freedom for Cole, Justin and Steve to get on the ball in between the lines and cause a lot of problems for the Taranaki defence. We created enough chances to go ahead but just could not get the ball over the line with a combination of fine saves, deflections and inaccuracy letting us down.

Halftime was an opportunity to reflect and reinforce the point that we needed to be patient to break this defensive side down. The second half

played out as we expected the whole game to be, Taranaki pushed more numbers into midfield and our time on the ball was reduced. It became more physical and combative which threw us off our game for a few minutes. Once we reacted we started to dominate again and from a delivery from the left the keeper made an error and Cherbel Kouchaba was on hand to finish to give us the 1-0 lead. Within 10 minutes Taranaki had their best chance of the match and James McPeake made a fantastic save to keep us in the lead. From there we defended really well to close out the game and take a well deserved win.

**Final Score: Stop Out 1 v Team Taranaki 0**

**Scorers: Cherbel Kouchaba**

**Man of the Match: Justin Gulley**

### Stop Out v Marist - Memorial Park

Playing Marist was always going to be a challenge but the team was ready for it knowing that their last game against Marist ended in only a 3 - 1 loss. So to keep a low scoring game we would have to keep to our game plan which was to disrupt their flow and limit scoring opportunities by pressing for 90 mins.

This tactic worked will keeping Marist from scoring until around 30 odd mins into the first half but it also allowed us to create some scoring opportunities. However we were unable to capitalise from them so we went into half time 1 nil down. But we were happy with our performance.

The second half started much the same way with both teams creating scoring opportunities but

Marist scored another 2 goals from defensive errors and an unlucky attempted clearance off the goal line ricocheting off a Marist player into our goal giving them a 3rd goal .

The game finished 4 - 0 but our Stop Out ladies put up a very positive performance making Marist work very hard for their win. Sadly the final score did not reflect that.

Final Score: **Stop Out 0 v Palmerston North Marist 4**

# THE PASSAGE OF TIME

"Time is inexplicable because it moves – clicks away – at steady increments, while increasing the past and bringing the future into the present". That is a quote from writer, Kilroy Oldster, in his book Dead Toad Scrolls. In talking to, albeit late in the day, people at the Old Timers' Day and, also, helping make arrangement for a friend's birthday thoughts on the passage of time have come to the fore. Particularly, I felt, when talking to Alec Milne the former men's first team coach.

It was the first time I had spoken to Alec but I had been alongside a chat with him at the start of Stop Out's national League run back in 1970. We were digging into an anecdote that Mike Holmwood had told to me. It occurred to me that, time had moved away, as we were discussing an event of over forty years ago. The past suddenly seemed far away.

Another quote from the same work is "living is a process of developing oneself. Without experiencing pain from disconcerting periods of our lives, we would be different person, perhaps a lesser person." When I got to this I immediately dipped back into the relative pain at the end of the season the mens' side were relegated from the old National League. In that match's aftermath there was a speech in the clubrooms from an old hand who said 'we are too big a club to stay down'. The years since them have offered an insight into sporting pain. Even a big club can stay down. The powerful eighties side that was fated not to get to the top tier. Then the dogs day that followed until the relatively recent rebirth of a fine and feisty club.

Often we hear, used as an expression of wisdom or sympathy, the words 'time is a great healer'. Well and good, for who exactly? As one of a group of emotional teenagers stung by that relegation match I can offer, using the words of a Forbes journalist, "Time heals nothing. It's what you choose to do with that time that makes all the difference." For me, that match remains a small hook on to which a memory can be hung. Mostly, because I can recall the reactions, in both gestures and word, of those with me that day. It seems recent but time has moved away, clicked away, in its steady increments. The future is here. My friend's birthday is upon us and one hundred years of Stop Out looms.

So time passes but a question remains. What is time? In looking for thoughts around that question this appeared "Time is a ubiquitous and essential ingredient of both everyday life and all manner of thought, but its fundamental nature remains tantalisingly difficult to encapsulate." In addition it is perhaps true to add that we do not have a lot of time so it is best to use it, and use it well, before it ends up bringing the future into the present.

MIKE BARTON
