Stop Out Sports Club

@redgoldblood

It's been a good couple of weeks.

We hosted the largest ever Wynton Rufer Tournament in the 24 year history of the event. 106 junior teams from as far afield as New Plymouth descended on Hutt Park for a fantastic couple of days of football. It has become one of the largest sports tournaments in the country and we're excited for next years 25th year celebration. Revera are great supporters of the event with strong help from the Phoenix and Nixie.

We've now gone five Central League games unbeaten since our loss to Napier. And our away form has been superb with five wins from five. And since our return to Central League we've had top 4 finishes in 2015, 2016 and 2017 and this year we're tracking well for another positive season.

It was a tough away trip to Havelock North where two goals from Luis got us the three points and then a quick trip home for the Chatham Cup fixture. Even though bottom of the table, Havelock have improved markedly and whilst inconsistent week to week and will upset a few more teams this season.

With their upset 3-1 loss to Waterside we sit just two points away from Napier at the top of the table.

Lower Hutt sit in 7th spot in the Central League but they are a far better side than their league position would show. Some high quality import players balance their youthful side. And with the intrigue of a local derby, the form book can be thrown out the window. Both sides are sprinkled with ex-players from both clubs so that will add further spice to the encounter.

Special mention on the Chatham Cup fixture in Wainui. One of the great grounds of yesteryear Richard Prouse Park was in an 'interesting' condition. We worked through that and a passionate display from the locals to record a 2-1 victory.

And today we celebrate Old Timers day and the launch of our new Life Members Honours board. Thanks to the Stop Out Supporters club for making this happen and their continual support of the club.

Welcome to our Patron, Mayor Ray Wallace, our old Timers and all supporters to Hutt Park.

Enjoy the football and our Stop Out hospitality.

Stop Out vs Miramar Rangers - HUTT PARK

Arriving to the ground today it was clear that there had been a lot of rain around and it was going to be a little more difficult to play in some areas of the pitch. We welcomed Miramar to Hutt Park today as they also hosted our reserve team at Dave Farrington Park in Capital 1.

Not sure why but today we started extremely disappointingly and slowly to say the least. Miramar were a lot more accurate when moving the ball than us and a lack of movement had our team struggling to make any early impact on the game. On the back of a free kick Miramar took a deserved early lead. Not too long later they broke down their left hand side, there left sided player cut in and buried a good finish to put them 2-0 up. Not long before half time we finally had a sustained period in Miramar's half and Luis Corrales moved the ball away from the defender and was then bought down in the box for a penalty which he stepped up to clinically convert, 2-1 Miramar at half time.

I could sense frustration in our players at half time on the back of our poor first half performance. At the end of the day 2-1 down at half time when you have not played well reminded me of the pre-season Petone Hilton final where we had found ourselves in a similar position. To the teams credit with the frustration there wasn't any panic. This allowed us to make a few minor adjustments, get ourselves into the right head space and get back out and perform better in the second half.

We started a lot more brightly in the second half and started to win a lot more possession. With that possession came chances to create scoring opportunities. We soon managed to work the ball down our right hand side and break, we played

a ball into Luis who attracted 2 defenders to him before back heeling the ball on to an arriving and unmarked Steve Guley who finished past the Miramar Keeper to equalise 2-2. Within a couple of minutes we had got the ball back into the area to Luis who turned his man on the by-line, his marker decided to pull him back and another penalty was awarded. Luis again stepped up to finish and give us a 3-2 lead. Confidence grew and we were now pressuring Miramar into more and more mistakes. Luis was again causing Miramar problems as we won possession and played a pass to him where he poked the ball past the oncoming keeper and into the bottom corner of the net to complete his hatrick, 4-2.

Late in the game Jerram Tuck turned his marker on the edge of the area and placed a left footed strike past the goal keeper to cap the game off nicely for us and take the win with a final score of 5-2.

Man of the match went to the player who was involved in 4 of the 5 goals in today's game and helped turn the match around for us when Miramar had done well to get ahead and make things very difficult for us. Well done to man of the match Luis Corrales.

Scotty

Final Score: **Stop Out 5 vs Miramar Rangers 2**

Man of the Match: **Luis Corrales**

Stop Out vs Havelock - GUTHRIE PARK

Preparation for our fixture against Havelock began with a frustrating journey out of the Hutt Valley on Friday as there was a couple of car accidents that meant that our late departure van didn't arrive to our accommodation in Hastings until 10pm.

The next morning we awoke to a nice morning and headed to the ground for an earlier kick off. The game began with both teams attempting to start quickly. After such a big defeat at the hands of Wests last week we knew that Havelock would be even more determined than normal to get something out of today's fixture. We were not wrong and early on their intentions of the way they wanted the game to go were clear. With early fouls to break up play and attempts to get some of our players off their game. It was a frustrating early period in the first half. The half became even more frustrating and difficult when we conceded a penalty and it was converted well for Havelock to take a 1-0 lead. We would continue to be kept out and halftime came with us trailing 1-0.

Half time was important for us to shake off the frustration, make a couple of adjustments and head back out to work for a result that we so desperately wanted. Early in the second half we began to create lots of opportunities through being a little more composed in possession. After a spell of pressure we got a corner and after a good header back across goal, Luis Corrales pounced and poked the ball home to equalise for us.

After the goal we grew further in confidence

and continued to mount pressure on Havelock through chances created by Jerram and Cherbel who both managed to get balls across the box that were just not able to be met. After James McPeake made a crucial save at the feet of Havelocks import Fení, we launched a quick counter attack and Steve Guley found Luis Corrales in behind the Havelock defence and after a great first touch he made no mistake with the finish. 2-1 ahead we turned to our bench to inject some energy into the line-up. Luke Grindley was lively in possession and worked hard to close down the opposition. Jared Mitchell added some great composure to our midfield and James Sharp was solid while helping us close the game out under as little pressure as possible in our defensive 3rd. A full squad effort got us across the line in a game that could have gone a lot worse. We leave Havelock with the points we came for and in a game where our players discipline was tested more than ever, we leave with no bookings or long term injuries.

Onwards in the league we go and next week we host our cross town neighbours Lower Hutt in what should also prove to be another entertaining encounter.

Scott

Final Score: **Stop Out 2 vs Havelock 1**

MENS CENTRAL LEAGUE

Stop Out vs Wellington United - NEWTOWN PARK

Newtown Park was an absolute picture as we arrived today. The weather was beautifully calm and the pitch looked like it had improved a lot. We arrived with our confidence high on the back of a good second half performance against Miramar the previous week.

Unfortunately we did not start quickly or particularly well again this week. The young Wellington United side were quick in possession and were moving the ball well. We struggled to stop them playing through us early and they were building pressure. Eventually after a close miss, they turned that pressure into a 1-0 lead after they worked the ball across the box to a player who worked a little bit of space to get a good low and hard shot away and into the bottom corner of the net.

The response from our boys was fantastic. Sticking to the task we turned over possession

and worked the ball across the box where Micky placed his finish well to bring us back level 1-1. With momentum swinging back in our favour we kept the pressure on them and found Jerram Tuck in isolation with a centre back out wide. He blew past his defender and blasted a beautifully placed strike across the keeper and into the bottom corner to put us ahead 2-1. At this stage we had grabbed hold of the game and were going through a very dominant period which would again bring us further joy with a 3rd goal in the half and a second for Micky Malivuk taking us out to a 3-1 half time lead.

The second half was much less eventful. We were very well organised and disciplined defensively and denied Wellington United many scoring opportunities. We managed the game out well and without any further scoring despite a late 1 on 1 chance, we closed the game out for an important 3-1 victory.

Defensively we were good today and with good performances from Ami, Kade and Suttly we didn't give up many clear cut opportunities to score. Mc Peake kept us well organised and made some important interventions. Sam Pickering worked tirelessly again in midfield to keep us safe. Our attacking players carried plenty of threat for large parts of this game. Out wide was the area that was a most difficult area to gain control but a returning Jordan Martens put in an excellent

performance up until a late booking. Cherbel Khouchaba had a fantastic second half and the goal production today out of Micky, Jerram, and Luis in the first half was great. The entire squad was needed to manage this game out well with all 3 subs being made and all 3 had positive impacts on the game.

With a tricky away trip to Havelock next and a cup game against Wainui in the same playing weekend. We will need to apply our selves well as a full group to the preparation this week as the weekend is shaping to be a very important one for the team and the club with our reserve team also having an important fixture.

Scott

Final Score: **Stop Out 3 vs Wellington United 1**
Man of the Match: **Amitesh Lai**

CHATHAM CUP

Stop Out vs Wainuiomata - RICHARD PROUSE PARK

After drawing one of our closest neighbours away in the Chatham Cup, we knew this fixture could also become more and more difficult in the middle of a busy schedule. We arrived at Richard Prouse and the pitch was exactly what we expected, extremely bumpy, long grass, large patches of mud and just a general mess.

Once the squad arrived we turned our attention to making sure people were not looking for excuses. This was going to be a big game for Wainui and it was not going to be an easy task, all things considered.

We started in a fairly composed fashion and even tried to take a few opportunities to play out as Wainui sat off and looked for us to make mistakes. We didn't make many mistakes early and this had us mounting good pressure. Jerram Tuck received the ball on the edge of the area, turned his marker and fired a low shot at goal. The Wainui keeper could not hold onto the shot and a following in Luke Grindley arrived first to tuck the ball home for an early 1-0 lead.

Not too long later we showed good patience to work the ball across the box and as Jherson Heredia looked to get a strike away at goal he was fouled outside the area. James Sutcliffe fired his shot low towards the bottom corner and snuck it past the keeper for a 2-0 lead going into halftime.

After halftime we went through a frustrating period where Wainui were digging in and making life extremely difficult for us. We lost accuracy in the attacking 3rd and Wainui were starting to

get more balls into dangerous areas. This period soon paid dividends for them as they were awarded a penalty for a hand ball that seemed extremely harsh on the debutant Kelvin Bennett. Cam Blake stepped up for Wainui and converted from the spot to bring Wainui back into the game, 2-1.

This sparked renewed confidence into the Wainui players, staff and supporters who were in full voice. This is when our player's responded best and being lead on the day well by James McPeake we closed the game out well with good performances from Kelvin Bennett, Jared Mitchell, Jherson Heredia and Brayan Heredia who were all given opportunities and in most cases, in new roles for them. We held on and crept through to the next round.

Well done to Wainuiomata Football Club who put on great day and were fantastic hosts to an entertaining fixture.

Well done to the boys on sticking it out and getting us through to the next round.

Scott

Final Score: **Stop Out 2 vs Wainuiomata 1**

Man of the Match: **Jared Mitchell**

MATCH REPORT

Stop Out Reserves vs Petone Reserves - NEWTOWN PARK

Another week of Cap 1 action saw our Men's reserve team take on our counterparts from across the river. Petone were coming off the back of an excellent 7-1 win against Miramar; proof that any team is capable of beating anyone in this league!

We were able to call upon the expertise of Jono Steele and Brayan Heredia for the match, while skipper Kelvin Bennett was away and Rhys Glover injured. There were starting debuts for Jack Wilson, as well as 1919 member Jahkaya Atkinson. Oscar Hazlewood made his first appearance amongst the substitutes.

Our first half performance was the best of the season. We moved the ball well, using our pace out wide to cause Petone problems. Kieran Mouton and Angelo Ritossa were dealing well with our opponents direct approach. Our hard work paid off midway through the first half, as a neat short corner routine between the Heredia brothers saw Jono head home from close range. A few chances fell our way, but the score line remained the same. A good half of football in a crucial game.

The second half was more of the same. Paora had his best game for us so far, providing us with a good attacking outlet. We introduced youngsters Max Odgers, Dylan Edwards and Ryan Ellis to great affect, as we continued to dominate proceedings. We were soon made to pay for our profligacy in front of goal. A rare mistake at the back from young Sam Wright allowed the Petone striker to nick a late equaliser, well against the run of play. A cruel blow. Sammy then displayed why he is one of the best young stoppers in the region with a phenomenal fingertip save at the death. A final

score of 1-1 was not quite what we were after, but plenty of positives to take out of the game.

We find ourselves in a difficult position at the midway point of the season. This is a tough league, and our young side are learning many harsh lessons along the way. Jase and I continue to be blown away by the attitude, commitment and dedication of the players. We'll keep fighting, as only Stop Out players can do.

Old Timers Day serves as an excellent reminder for our boys about the values of our club. We see so many amazing examples of club legends who have stuck with the club through good times and bad, brought together by a shared love of the badge, no matter what the circumstances. McCreadie, Blair, Blackman, Hamlin, Dunford, Rufer, Malcomson and Canton; names synonymous with the Stop Out brand. I'm positive we have boys in our group that, in time, will be joining the ranks of our legends.

I'm reminded of a particular after match speech from Lenny Blackman. Rather aptly, he ended with a simple line that underpins everything we do:

"We're Stop Out".

Damn right we are.

Yatesy

Final Score: **Stop Out Reserves 1 vs Petone Reserves 1**

Man of the Match: **Jono Steele**

CENTENARY LOOMS

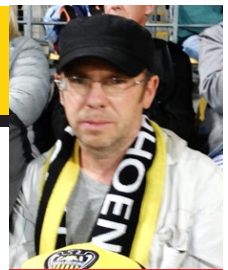

Next year it is one hundred years since the formation of Stop Out. That seemed to be, to me in any case, a long time ago. Well that was until the Sunday morning of the Champions League final between Real Madrid and Liverpool. My friends and I had gathered at the Temple of Football which is probably better known as Alastair's Place

At some stage during the match I looked up and realised that the faces looking back at me were not as young as they once were. We, those I was watching with, are all connected in one way or another because of Stop Out Sports Club. That connection though has been in place longer than I thought and in the longest case about fifty years. Half the life span of the club itself. Thinking back to the early 1970s the realisation struck me that some of the 'old grown ups' then at the club had been about since about day one in 1919. Names I have long since forgotten.

Looking back to those about me it struck me that whilst time might go by some of us have, what I will call, 'football character' that is embedded and which doesn't seem to change much. As the group rambled and ranted on through ninety minutes the distinct football characters came out. Some at odds with the owners every day character. Then again, some quite neatly aligned.

First up there is the recorded history character. This man only shocks us when he cannot answer a question about the game. The beauty of this knowledge is that internet access, or an encyclopaedia, is not needed during match time. Play, well watching it, is not interrupted.

Then there is expert character. This man has an opinion on every aspect of the game, Be that playing, coaching, reporting, broadcasting, pitch preparation, national character and nauseam. Followed by real expert character. This is entirely different to expert character in that this depth of knowledge was earned by travelling to hundreds, millions of matches, across several continents absorbing much about him.

MIKE BARTON

Around the room was more expert than you might think character. This character gets it. He understands much about the game and the physicality of the contest. The trouble is that expert character is too busy giving us his opinion for the more incisive opinion to be given any floor time.

Near him was quiet character. This man was once a goalkeeper and brings a stoicism to events that is almost Zen like with just the occasional profanity that proves he is still breathing.

The exemplar though is expert character's wife. She has absorbed football wisdom by osmosis and stays aloof from the fray only entering to produce something profound. These comments usually prompt quiet self-examination from the rest of the group.

For this we have to thank those who, ninety nine years ago, started up a club to look after the youth of the time. They brought us together. What would they make of it today?
